

## Director speaks to Insurance Professionals Association of Greenville

Director Ray Farmer addressed a group of more than 50 insurance professionals at a luncheon meeting on Thursday, May 22, 2014 at the Poinsett Club in Greenville, South Carolina.

Director Farmer provided an overview and update of the activities and efforts of the Department of Insurance over the past year as well as activities that will be occurring throughout the remainder of 2014.

Specifically, Director Farmer discussed several topics of interest to include the Affordable Care Act, the availability and affordability of coastal property insurance as well the outlook for long-term care insurance. Information about the Department's newly re-vamped website as well as other changes that have taken place at the Department over the past year were also provided.
